

2015 - 2016

# Exploring Africa!

I enjoyed doing Literacy because I love writing.

Jake C

I enjoyed science because we got to go to the high school and explore different gases.

Isla

I enjoyed Numeracy because I like adding and subtracting numbers using an empty number line.

Samuel

I enjoyed trying African foods as it was a surprise to see what they tasted like.

Boh

I enjoyed when we learnt about Superheroes because we got to design and make our own logos.

Mia

I have enjoyed learning about space because it was fun when we were pretending to be an astronaut.

Shona

I have loved maths because I love doing solving problems and they have been a lot harder this year.

Adam

I enjoyed making a giraffe clay model during Art week because we got to design it however we wanted.

Ingrid

I enjoyed doing my Henri Rosseau picture because I liked creating the different parts.

Ingrid

I have enjoyed Literacy because of all the stories we have written. I especially liked writing my own version of the frog prince.

Sophie

I enjoyed learning about the light bulbs because we got to investigate trying to make a light bulb work in a circuit.

Charlie

I have loved all of the African arts, especially the repeating patterns.

Lauren D

I like Maths because I like learning about the times tables. My favourite times table is the 5 times table.

Zach

I enjoyed do the space dance because we got to perform in front of a massive audience.

Lauren W

I really enjoyed when the mad scientist came into school because we got to see what actually made the sunlight.

Bobbie

I liked our final topic exploring Africa because it was really interesting finding out all about Africa.

Cohen

I loved going to How Hill because I liked the pond dipping. I enjoyed trying to catch minibeasts in the water.

Lucas

I enjoyed when we first arrived into Giraffe class because we did lots of fun activities to get to know each other.

Millie

I liked Numeracy when we learnt how to make a branching database because we had to think carefully about the questions.

Stephen

I enjoyed PE because we got to learn how to do a forward roll. It was hard to begin with but with lots of practise I could do it.

Grace

I liked going to Horstead because there was lots of fun activities. My favourite activity was archery.

Taylor

I really enjoyed science week because when the mad scientists came in because they made a fire in the hall but it quickly disappeared. Mason F

I have enjoyed Maths because I found it tricky at the beginning of the year but now I can do it all by myself. Jake B

I have loved Maths because I like using an empty number line to work out a number sentence. Tamzin

I have enjoyed playing with my friends at playtimes. I like learning about the caterpillar lifecycle and watching the caterpillars grow. Jack

I enjoyed when we learnt about hygiene and we had to chew on a purple tablet to see how clean our teeth were. Mason S

I loved canoeing at Horstead because we got to play games on the canoes. Arthur

I have enjoyed my time at Kinsale Infant school. I'm looking forward to being in year 3. McKenzie

I loved doing archery at Horstead because I kept hitting the target. Amie

I loved learning about the planets because I found out lots of interesting facts that I didn't know. Mrs Pymer

I had a fantastic time at Horstead, especially teaching children how to juggle. Mrs Sidy

I liked when we went to How Hill and we jumped on the bank and it wobbled. Mrs Jacobs
